The alignment of the methodology and processes to the four-stage peer-review method described in the ESG 2.3.:

- **Self-evaluation process**: Main challenges for HEI's
- **Site visit**: Coordination of the site visit: what are the challenges?
- **Reporting**: How to improve quality of external evaluation reports?
- **Follow up**: Different procedures, including different accreditation outcomes.

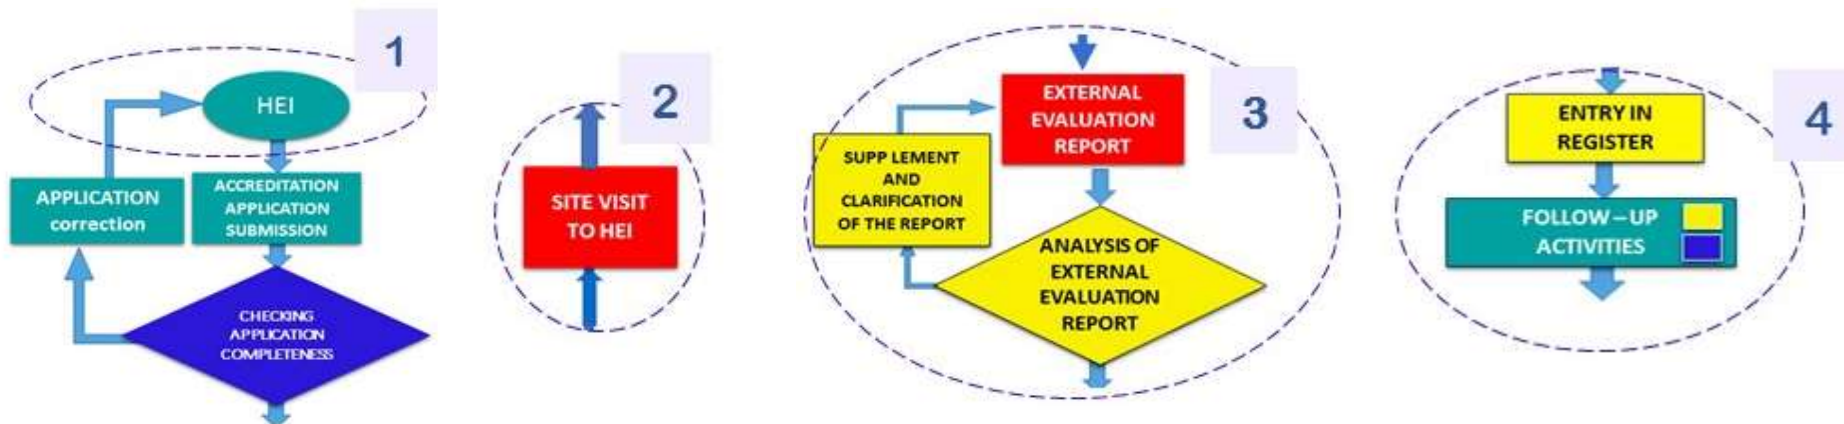

# The alignment of the methodology and processes to the four-stage peer-review method described in the ESG 2.3

## Accreditation & participants

The Agency defined In the **Decision on Norms**, the implementation of external quality assurance in BiH as a process structured in 4 steps:

1. report prepared by the higher education institution through self-evaluation (**Self-evaluation report**),
  2. **visit of a committee of experts** to a higher education institution,
  3. **external evaluation report** published by the competent educational authorities, and
  4. **follow-up activities** carried out by the higher education institution according to the recommendations from the external evaluation report.
- As with other documents.
  - Also, the CEAs documents also regulate some details in these 4 steps.

Thank you  
for your attention !
